

O-Ring Gasket Stocking Program

Introducing A Custom Stocking Program For Your Most Common O-Ring Gasket Needs

Specialized projects require specialized o-ring gaskets, and your project is no exception. From steam-resistant to solvent-resistant to heat-resistant – and everything in between – HOLLOWAY AMERICA can create a custom o-ring gasket stocking program for your equipment.

We'll Hold The Inventory So You Don't Have To.

HOLLOWAY AMERICA carries the most common o-ring gasket materials. EPDM Class VI. Platinum Cured White Silicone Class VI. Black Viton Class VI. Red Silicone Class VI. All in diameters to fit many applications.

So, if your project uses o-ring gaskets, chances are we can custom manufacture it for you, for most any project, at most any time.

And, if you need a custom gasket size created out of a material not listed, our team can help you create a specialized gasket stocking program for your project needs.

We'll have the material and sizes you need. You'll have the gasket you need, when you need it.

Lead Times As Quick As Next Day Air

With your custom program, place an order and receive your custom o-rings when you need them most.
